4th Annual WASHAA Meeting A Success!

More than 80 people attended our 4th Annual Meeting to discuss defining health advocacy and who health advocates are. Our work will be shared with national leaders in health and patient advocacy as they work toward common definitions. Annual Meeting panelists provided insights into how they practice health advocacy in Washington State. Thanks to attendees and our Sponsors: ERA Living and JP Morgan Chase for their financial support of the meeting. We were also grateful to have a healthy breakfast donated by Metropolitan Market, Trader Joe's, Starbucks and Caffe Ladro. Do you have ideas for next year's meeting? We would love to hear them. Please contact us at info@washaa.org.

Thank you to our Sponsors!

This year marks a critical juncture for our country. Join us to hear from a leader in the national health equity movement who will discuss the opportunities for ObamaCare post-election. To shed light on the creation and implementation of the most sweeping equalizer in the history of American health care, Healthcare Attorney Daniel Dawes wrote "150 Years of ObamaCare" to share his insider's backstory as a key player in a large coalition of organizations that helped shape the Affordable Care Act (or ObamaCare). Daniel Dawes is a nationally recognized health care lawyer and administrator and is the executive director of government affairs and health policy at Morehouse School of Medicine. Stick around after the event for book sales and signing. Coffee and tea served.
